Features of Enable Audit

The 3 main objectives of an audit

Demonstrate current level of compliance.

Identify weak areas where action needs to be taken.

To provide evidence to Information Commissioner.

How Enable Audit can help

Simple & easy to use

Enable audit was developed in collaboration with professionals who regularly complete audits themselves.

Everything in one place

Enable Audit allows you to gather all of your information in one central system. Documents, photos and reports can be uploaded for everyone to access.
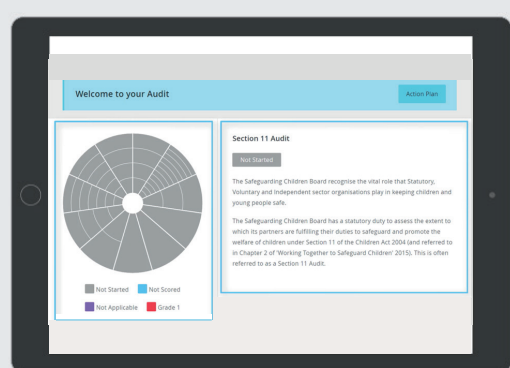

Access audits anytime

Log on from any computer, tablet or mobile at any time.

> It is now easy to track progress, police completions and challenge responses so that we can focus on support and continuous improvement.
>
> *Jane Weatherill, Safeguarding Advisor,*
> *Somerset County Council Support Services for Education*

Instant analysis and reporting

Generate detailed reports with the click of a button and easily analyse progress and areas for improvement.

Continuous improvement

Enable audit is always live and is constantly being updated. Users can see snapshots of their progress and actions still to be completed.
