

# Compliance Study Findings

## Types of communication

Senior leadership teams communicate compliance in the following ways:

82%

by email

38%

by video

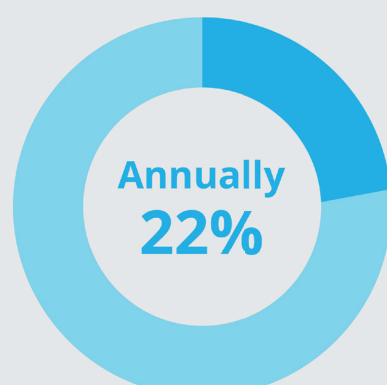

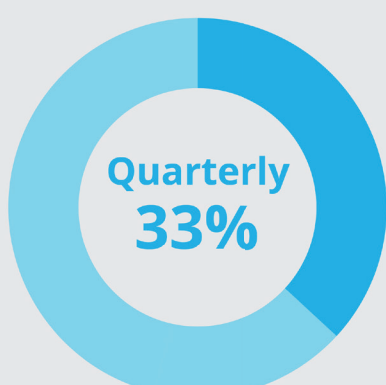

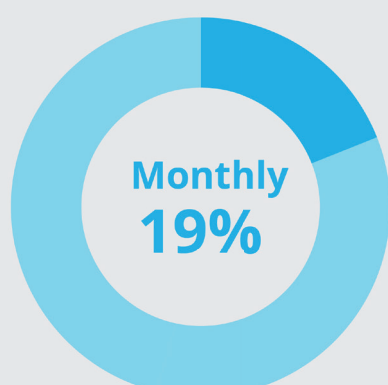

6%

by training

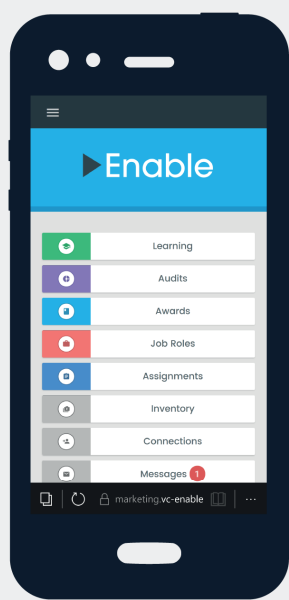

## Frequency of communication

Senior leadership teams communicate compliance related information as follows:

## Communication issues

Compliance teams as well as employees could be missing valuable communication and related information and compliance actions as well as deadlines.

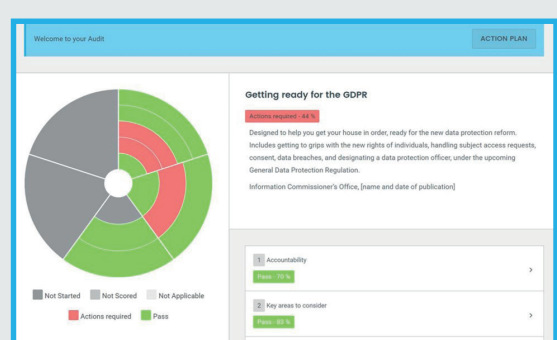

## How Enable LMS can help

Virtual College's Enable LMS allows for scheduled communications and compliance training actions.

All communication can be tracked with status reports and actions for review.

22% of senior leadership teams use employee surveys to gather information for their risk assessments.

## Enable Audit

Virtual College's Enable Audit provides a more streamlined way to gather information from your business, assign actions and ensure deadlines are met with coherent data in required reporting formats for all industries.
