

# Checklist for engaging stakeholders

Inspiring learning for all

# Checklist for engaging stakeholders

Here is a checklist to guide you through the process of engaging your stakeholders. Work through the questions and note down your thoughts.

## Identifying the benefits

### 1. How will your project benefit your organisation?

<hr/>	<input type="radio"/>
<hr/>	<input type="radio"/>
<hr/>	<input type="radio"/>

DONE

## Tips

Engage your stakeholders from the start and use their expertise. Make them feel involved.

Understand each stakeholder's priorities and develop a core message for each one.

Analyse what type of language your stakeholders normally use and use the same language to communicate with them. For example, which terms do they tend to use? Could you use any of these when discussing your project?
